To Whom It May Concern:

MMS Pro wishes to notify the Food and Drug Administration that it has, within the past 30 days, commenced marketing a dietary supplement which bears a statement under Section 403(r)(6) of the Federal Food, Drug and Cosmetic Act.

The dietary supplement for which the statement is made is IP-6 Plus. The dietary ingredients that are the subject of the statement are Inositol hexaphosphate and Cat's Claw. The statement reads as follows:

"IP-6 (Inositol hexaphosphate) or phytic acid is a naturally occurring substance that acts as an antioxidant to inhibit free radical production and prevent cellular damage. C-Med-100® strengthens natural cell defense and function, enhances the natural cell and DNA repair process, supports cell membrane integrity and communication, and enhances natural immunity."

This statement is accompanied by the required disclaimer which is prominently displayed in bold-faced type.

The information contained in this notice is complete and accurate and the above statement is based on data which renders these statements substantiated, truthful and non-misleading.

Sincerely,

MMS PRO
