Hi: I sent you the meeting notice that identifies a number of questions where FDA is seeking specific feedback. Please confirm your intention to speak and remember that short written summaries are due by July 12. Thanks very much for your interest in barcoding.

Mary

Dan:

You should get in touch with Mary Gross at 301-827-3193 or at grossm@cder.fda.gov. I've cc'd Mary on your request. Mary is out of the office till Friday. Thanks.

Jerry

Subject: AIM participation in July 26th Meeting

Jerry,
I'm interested to know if AIM might participate in the meeting planned for 26 July discussing bar code technology. As the trade association for Automatic Identification and Data Collection AIM could provide some information and would certainly like to understand what role we might play going forward. If appropriate can someone send me further information about the meeting (agenda, logistics, etc.)?

Thanks and Best Wishes,
Dan
