Washington, DC 20204

Dear Sir or Madam:

This is to provide the required information to comply with our obligation under DSHEA labeling regulations.

Supplement: Shark Cartilage

Manufacturer, packer: Natural Factors Nutritional Products, Ltd.  
1550 United Blvd.  
Coquitlam, B.C.  
Canada V3K 6Y7

Distributor: Natural Factors Nutritional Products, Inc.  
1111 80<sup>th</sup> St. SW, Suite 100  
Everett, WA 98203

Text of side Panel: Shark cartilage has been extensively studied for its ability to strongly inhibit the growth of new blood vessels (angiogenesis). This beneficial "anti-angiogenic" effect is thought to be the result of the interplay of shark cartilage's key ingredients – namely, chondroitin sulfate and similar molecules known as "glycosaminoglycans" or "mucopolysaccharides."\* Natural Factors shark cartilage is rigorously tested for heavy metals.

Text of PDP: SOURCE OF MUCOPOLYSACCHARIDES\*
