(Statement 2) Move Free is our original Glucosamine and Chondroitin formula that has helped thousands of people stay active.

(Statement 3) Move Free is our original formula of 500 mg Glucosamine and 400 mg Chondroitin specifically designed to help support and lubricate joints.

(Statement 4) Glucosamine is a natural compound that nourishes the connective tissue structures found in cartilage and joint fluid. It is a precursor for joint fluid, ligaments, tendons, membranes, and blood vessels. It (chondroitin) is capable of binding water molecules to lubricate, cushion and support joints. Taken in Move Free combination, Glucosamine and Chondroitin play an important role in your body's natural ability to support and rebuild healthy cartilage. These ingredients nourish your body, assisting your natural processes.

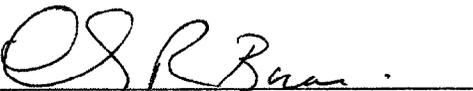

(Statement 5) After a few weeks of supplementing with Move Free you may decrease your intake to one or two pills per day to maintain optimal joint health.
