Re: Dietary Supplement Statement of Support Notification

To Whom It May Concern:

McLind Corporation, P.O. Box 3669 Torrance, CA 90510-3669, who is the distributor of the following dietary supplement product, intends to make the following statement(s) of support:

“Synergistic healthy joint formula**”

“Lindberg combines three remarkable compounds into one advanced formula to maximize joint health! First, we start with glucosamine and chondroitin sulfates, which are the building blocks of healthy joints and tissues.”

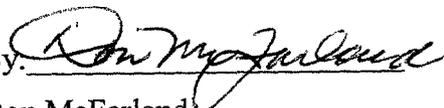

“Then, we complement this extraordinary formula with MSM. MSM is an easily absorbed form of sulfur, one of the most abundant minerals in our joints and connective tissues.*”

“In four capsules, we combine D-glucosamine sulfate 2KCl (1,500 mg) and Chondroitin sulfate (1,200 mg) in the ratios that have been extensively studied in recent years. Plus, we add 1,000 mg of MSM, making it one of the most comprehensive joint formulas available.*”

This claim is being made for D-glucosamine sulfate, chondroitin sulfate, and methylsulfonylmethane (MSM), which are contained in Lindberg® Glucosamine Chondroitin & MSM. This submission is being made in compliance with 21 CFR §101.93.

The undersigned is an authorized representative of the McLind Corporation and certifies that the information contained in this notice is complete and accurate, and that McLind Corporation has substantiation that the above statement(s) is (are) truthful and not misleading.
