• DOCKET NO. 99N-4783

The Food and Drug Administration published a final rule entitled "Administrative Practices and Procedures; Good Guidance Practices in the *Federal Register* of September 18, 2000 (65 FR 56468). In that document, the agency inadvertently omitted the certification statement from the "Analysis of Impacts." This note corrects that error.

The agency has evaluated the economic impact of this action under the Regulatory Flexibility Act (5 U.S.C. 601-612). Based upon this evaluation, the agency certifies, under 5 U.S.C. 605(b), that this rule will not have a significant economic impact on a substantial number of small entities.

A handwritten signature in black ink, appearing to read "M. Dotzel".

Associate Commissioner for Policy
