

Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food. I request that the agency's current policies be changed, and I support all the points in docket #00P-1211\CPI

- All GE foods should be labeled so I am informed and have a choice.
- GE foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing
- There should be a moratorium on GE foods until long-term studies show they are safe for human health and the environment.

Commissioner Jane Henney  
 Docket No. 00P-1211\CPI  
 FDA Dockets Management Branch  
 (HFA-305)

 Rockville MD 20852

(Additional Personal Comments:) GE Foods should be tested by agencies that have no stake in the outcome of the testing. Evidence so far points to harmful effects.
