

my name is edward.iam 46 years old.i suffer from rumatoid arthritis i also have 3 steel pins in my right hip and ankle. i have been on oxycotin 80 mg. for 8 months now. i havnt felt this good since 1988.i have been on every drug there is for pain, but nothing that works as well as oxycontin.the side effects are very slight.before i started taking oxycontin i could,nt walk 20 ft. with out having to stop and rest.now i walk as far i choose.to me oxycontin is a miracal drug. but its getting harder toget. my state insurance wont even pay for it.something must be done there is no reason why i or anyone else should have to suffer in this day and age.

please help me. thank you.
