Dear Secretary,

My company will soon introduce a new product into the natural supplement marketplace.

In accordance with DSHEA Section 6, please accept this notification of statements, which appear on the label for Breast Solution healthy breast formula:

"...designed to stimulate the lymphatic system and nutritionally support the body's own natural metabolic function to protect against the damage caused by stress, toxins, and pollutants."

Dr. Lin Cheng Tan, M.D. (China), O.M.D., L.Ac., developed DR. LIN'S LIFESTYLE SOLUTIONS specifically to meet the needs of women. Through years of research in her clinical practice, Dr. Lin created these safe and highly effective herbal preparations which combine modern formula logic with the wisdom of Traditional Chinese Medicine (TCM).

BREAST SOLUTION Healthy Breast Formula™ is a modern formula designed to stimulate and nutritionally support the body's own natural metabolic function and protect against the damage caused by stress, toxins, and pollutants.*

*This statement has not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.
