

SHAWNA C. WILLEY, MD, FACS –

Dr. Shawna Willey is the Director of the Betty Lou Ourisman Breast Health Center at Georgetown University Hospital. A native of Iowa, she received her MD from the University of Iowa and completed her residency in surgery at the George Washington University Medical Center. Before joining Lombardi, Dr. Willey directed the breast program at George Washington University Medical Center. Dr. Willey has been an investigator on several clinical trials. She is interested in international health and education, having lectured in the Breast Cancer Program for Poland, and consulted the King Faisal Specialists Hospital and Research Center in Saudi Arabia. Dr. Willey is currently the president-elect of the American Society of Breast Surgeons.
