Food and Drug Administration
Rockville MD 20857

April 5, 2001

Dear Members, Consultants, Speakers and Guests:

Thank you for your willingness to participate in the Pediatric Advisory Subcommittee meeting on Tuesday, April 24, 2001.

The focus of the meeting will be the clinical development of antimuscarinics for drooling in children with cerebral palsy and other neurologic disorders. Discussion will include how to assess adverse effects in this patient population, defining the optimal dosing regimen and the ethics of studying this vulnerable pediatric patient population.

The speakers will provide the background for the questions to be discussed. The articles included in this package maybe helpful in your preparation for the meeting.

Looking forward to seeing you on April 24, 2001.

Sincerely,

A handwritten signature in cursive script, which appears to read "Rosemary Roberts" followed by a small mark that could be "for".

Rosemary Roberts, M.D.
Team Leader, Pediatric Team
CDER, FDA
