RE: Docket No. 00P-1211/CPI and 99N-4282 - Please Label Genetically Engineered Foods

Dear Commissioner Henney:

It is very important for consumers to fully understand the food that they eat and the process by which it has come to the table. I believe that it is vitally important the genetically engineered foods be properly labeled so that consumers may make an informed choice in the marketplace.

Please require stringent premarket safety and environmental testing of and mandatory labeling of genetically engineered foods.

Yours sincerely,

Carolyn Kellis
