

Dear Dr. Henney,

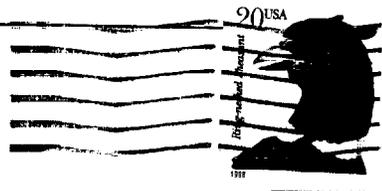

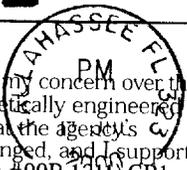

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food. I request that the agency's current policies be changed, and I support all the points in docket #00P-1211 CP1

- All GE foods should be labeled so I am informed and have a choice.
- GE foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing to determine the long-term impacts to human health and the environment.

(Additional Personal Comments:)

*IF IT TURNS OUT YOU ARE WRONG - DEAD WRONG ABOUT THE SAFETY OF THIS EXPERIMENT, YOUR NAME WILL GO DOWN IN HISTORY. AND OUR HEALTH WILL SUFFER.*
