Dear CFSAN:

Pursuant to Section 403(r)(6) of the Federal Food, Drug and Cosmetic Act and Section of 101.93 of FDA's regulations, we hereby notify you that we are using the following statement(s):

**(1) Name of Address of distributor:**

Jarrow Formulas, 1824 South Robertson Blvd., Los Angeles, CA 90035

**(2) Text of the statement(s):**

"Supports Protein Synthesis and Integrity of Intestinal Tissue" - Glutamine is the most abundant amino acid in the body and is involved in many metabolic processes. Skeletal muscles are the primary sites of glutamine concentration. There is an increased demand for glutamine during stress associated with exercise, illness or trauma. Glutamine supplementation supports protein synthesis as well as the rate of glycogen production (by serving as a carbon donor). Glutamine also serves as a fuel source for intestinal mucosal cells and nucleotide synthesis by lymphocytes.

**(3) Name of the dietary ingredient(s) if not provided in the text of the statement:**

L-Glutamine

**(4) Name of the dietary supplement(s)**

L-Glutamine 113.5 grams, L-Glutamine 227 grams,

L-Glutamine 500 grams, L-Glutamine 750 grams, L-Glutamine 1000 grams

L-Glutamine 750 (120 capsules) and L-Glutamine 1000 (100 tablets)

**(5) The following disclaimer appears on the label in bold:** These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

These claims are limited to, and a result of, what we believe to be a substantial body of scientific evidence supporting the functional role of these nutrients. A compendium of relative published research substantiating the above statement(s) is on file at the corporate office.
