Re: Docket Number: 98P-0151/CP1

Dear Sirs:

I would urge you to stop unnecessary suffering of farm animals, particularly those of downed (sick and injured) animals. Let us in the United States have a policy of humane practices and safe food products. How can we instill in our children to be kind to others when we ourselves are not kind to the lesser species. Children learn by example. Violence in children against other children and animals is on the upswing. As adults, let us take responsibility. Do not condone or practice cruelty.

Please grant Farm Sanctuary's petition to prohibit the slaughter of downed animals.

Sincerely,

A handwritten signature in black ink that reads "Jann Boinus". The signature is written in a cursive, flowing style. The first name "Jann" is written in a smaller, more compact script, while "Boinus" is written in a larger, more elaborate cursive script with a long, sweeping tail on the final letter.
