RE: DOCKET NUMBER 98P-0151/CP1

Gentlepersons:

I have recently received a letter from the Farm Sanctuary organization, and in it they described the treatment of so-called "downed animals". It is unthinkable that in a country as enlightened as our own animals could be treated in such an inhumane way. I am glad that you have already taken measures to protect the human population. I would like to urge you to also institute measures that would prohibit such cruel practices as the systematic starvation and neglect of sick animals.

Thank you for your kind attention.

Sincerely,

Robin B. Munson
