Re: Application for Special Termination of Debarment
Docket No. 93N-0022

I will not submit any further material supporting the application for special termination of debarment to challenge the issuance of a summary decision under 21 C.F.R. § 16.26(b).

Please note that I have not been involved with any business activities of L&L Technologies for over a year, and have never been a salaried employee of that company. I am not providing services in any capacity to persons with approved or pending drug applications.

I appreciate the Agency's efforts on my behalf in this matter.

Sincerely,

Daphne Pai (Lau)
