Re: Dockets 98N-1230, 96P-0418, 97P-0197

Dear FDA Officials:

Your solution to the above dockets is quite simple. **STOP FORCED MOLTING!**

Forced molting increases the frequency and severity of *Salmonella enteritidis* among hens. The stressful conditions weaken their immune systems so badly that they become prone to disease and salmonella infections. The result is sick birds and contaminated eggs.
