

Attention FDA

0583 '00 APR -6 P1:43

It came to my attention that the FDA is being asked to take away my right to sign a medical waiver before purchasing a hearing aid. Instead I would be forced to have a medical exam or hearing test. Here's my views and/or experiences on several related questions?

1. Should I be forced to have a medical exam and/or hearing test before purchasing a hearing aid? If so, should the FDA pay for the exam?

I desire to make my choice to use my own decisions & purchase where I demand will choose without FDA intervention, with or without medical exams or tests.

2. Some people are physically unable to drive to a doctor or hearing specialist, or have had bad experiences they don't want to repeat. For instance...

no problems - over 73 & able to take care of myself

3. Should the FDA take away my Constitutional Right, affirmed by the Supreme Court, to decide for myself my medical exams and treatment?

Hell no

4. Should I be allowed to purchase hearing aids by mail as I choose?

yes
