Rockville, Maryland 20857

Dear Ms. Henney:

In reference to Docket 99P-0033/CP 1, please act on the HFA petition to put an end to the practice of feeding dead pigs, horses, and other animals to other farm animals. Cows are not meat eaters by nature and they shouldn't be forced to eat dead animals.

A summary of the HFA petition includes the following:

Blood and blood products from all mammals, including pigs and cows, must be prohibited for use in animal feed and pet foods.

Gelatin and gelatin by-products must not be used in animal feed, as gelatin might carry infectious agents.

Porcine materials must not be used in animal feed, because U. S. pigs are known to have exhibited symptoms of central nervous system disease suspected as being TSE and have proven susceptible to TSE in laboratory tests.

TSE-positive material absolutely must not be fed to any animals or be used in cosmetics, fertilizer or other products.

Thank you.

Sincerely,

*D. L. Johnson*
