Dear Commissioner,

I am writing to request your support regarding docket number 98P-0151/CR1. You **must** prohibit the use of "downed animals" for human food. The entire practice that we in the United States use to deal with downed animals is horrific, appalling, and mostly hidden from general knowledge.

I implore you to do what you can to eliminate the use of downed animals.

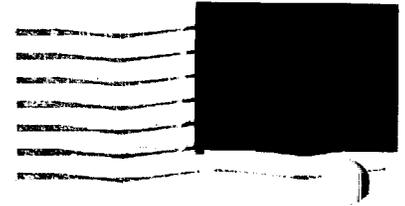

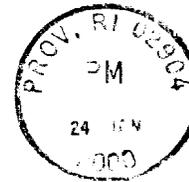

Thank you for your consideration.

  
Bonnie England
