RE: Docket 99P-0033/CP 1

Dear Commissioner:

As a taxpayer, I insist that you act on the HFA petition to put an end to the practice of feeding dead pigs, horses and other animals to other farm animals. Grazing animals are not meat eaters by nature and they shouldn't be feed dead animals. In Britain, Mad Cow Disease was linked to feeding rendered animal by-products to livestock. We are playing Russian Roulette by allowing this practice to continue in the United States. I look forward to your prompt response.

Sincerely,

Nanette Potis
