Dear Commissioner,

Like many other Americans, I too am concerned about "Mad Cow" disease and like to be assured that our government is doing what it can to eradicate it. I was distressed lately when I read that our government did not see fit to ban the feeding of animal byproducts to farm animals. I, therefore, hope that you will act on the Humane Farming Association petition to stop this practice (Docket 99P-0033/CP 1)

Thank you in advance for your consideration of my appeal.

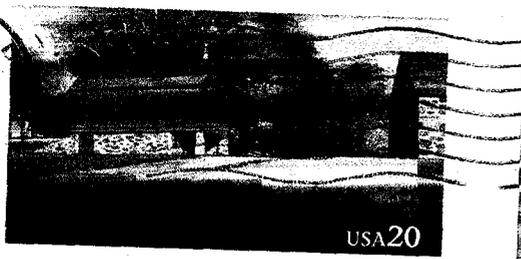

Sincerely,

99P.0033
