Commissioner
Food & Drug Administration
5600 Fishers Lane, #14-71
Rockville, MD 20857

Dear Dr. Henney:

I am distressed to learn that my may be eating livestock which have had antibiotics injected in order to fatten them more quickly, but making disease-causing bacteria more resistant to the drugs humans rely on to combat certain life-threatening infectious diseases.

Please act quickly to ban antibiotics used as livestock growth promoters.

Cordially,

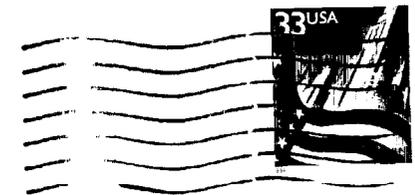

Jim Mallory
