Jane Henney, MD
Commissioner
FDA
5600 Fishers Lane, Rm 1471
Rockville MD 20857

Dear Dr. Henney:

The European Community is showing foresight and sense in banning growth promoting uses of antibiotics used in human medicine.

The US is lagging in taking action to protect its citizens from antibiotic resistant diseases. Having meetings to discuss the problem is not enough.

Please take some action to ban animal uses of growth-promoting antibiotics used in human medicine.

Thank you.

Sincerely yours,

Heather E. Burns
