Re: Section 403(r)(6) Notification

Dear Sir or Madam:

In accordance with the requirements of section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, Melaleuca, Inc., notifies FDA that it has begun using the following statements:

- In studies, PROVEXCV outperformed vitamin E, protecting LDL cholesterol from free radicals for a longer period of time.
- PROVEXCV reduces blood platelet activity by over 50% to help keep blood moving smoothly through the arteries.
- PROVEXCV: Take care of your heart.
- PROVEXCV regulates platelet activity at over 50%, helping to maintain regular circulation.
- With PROVEXCV, [LDL cholesterol] is protected from free radicals for about 150 minutes--long enough to help it travel normally through coronary arteries.

These statements contain the statutory disclaimer. The name of the dietary supplement is PROVEXCV™, and the relevant dietary ingredients are grape seed extract, ginkgo biloba extract, bilberry extract, grape skin extract, quercitin powder, and fungal and plant proteases.

I certify that the foregoing is complete and accurate, and that Melaleuca, Inc., has substantiation that the statements are truthful and not misleading.

Very truly yours,

Melaleuca, Inc.

McKay Christensen
