DOCLKET #94p - 0036

Gentlemen:

It is incredible to me that you have allowed trans-fats not to be listed on your food labels. I am sure that other food-conscious individuals would like to know why this was permitted to happen.

In any doctor's office or other group of sick people, you can spot about half of them to be suffering from dietary insufficiency resulting from de-natured food. This is costing the government ⁺ individuals

billions of dollars. You do not seem to be doing your job.

I SUPPORT PROPOSITION 94P - 0036!

Very truly yours,

Theodore Tremulis
