Donna Shalala, Secretary
U.S. Dept. of Health and Human Services
200 Independence Avenue SW
Washington DC 20201

Dear Secretary Shalala:

Please do not weaken labeling requirements for irradiated food or food containing irradiated ingredients. Labels to that effect should be prominent, permanent, easy to read, and precise.

This has absolutely nothing to do with whether or not there is any evidence that irradiation does or does not cause adverse cosmetic, nutritional, or safety changes.

It has everything to do with the right to know.

It is that simple.

Sincerely,

Roald Cann
