Commissioner Jane Henney  
Docket No. OOP-1211/CPI  
FDA Dockets Management  
Branch (HFA-305)  
5630 Fishers Lane, Room 1061  
Rockville MD 20852

Re: Petition filed by the Center  
for Food Safety

Dear Commissioner Henney:

I am writing in support of the above-referenced petition. Consumers have a right to make an informed choice about the foods they buy.

Genetically engineered foods should be labeled.

Safety testing of GMOs should be strictly regulated.

Environmental risks associated with GMOs should be scrutinized as a matter of public policy.

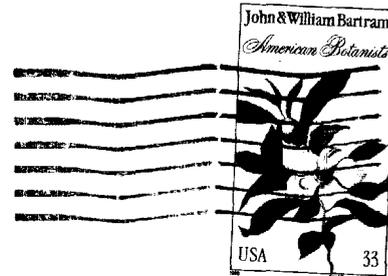

Very truly yours,

Bill Himelhoch
