RE: Docket #99P-4613

To Whom It May Concern:

I write to urge you to act on Docket #99P-4613, a petition to ban the use of genetically engineered Bovine Growth Hormone on dairy cows. BGH is unhealthy and inhumane, its use having long been associated with increased health problems in cows. I urge you to put the interests of concerned consumers above those of special interests in agribusiness.

Sincerely,

Edward Butler
