Dear Sir/Madam:

Please act on **Docket #99P-4613** to do away with the use of Bovine Growth Hormone (BGH), not only because it is unhealthy for humans, but also it is inhumane to inject this hormone into unwitting cows.

We humans must learn that we have no right to use and abuse any living creature. We must learn this soon or this kind of "mad science" will continue to the detriment of us all.

Thank you for "listening."

Respectfully submitted,

  
Ms. Gayle Harris Birk

Thanks!
