**RE: Docket #99P-4613**

Gentlemen:

I am writing to request that your agency act on above cited docket to ban the use of BGH in dairy cattle. This hormone is both unhealthy and inhumane. Its use leads to various diseases of dairy cows, increased use of antibiotics and subsequent damage to human health. The European community refuses to buy our dairy products because of BGH and we should take a lesson from them and ban its use here as well.

Sincerely,

*Ann Mallow*

Mrs. Ann Mallow
