Re: CSPI petition

Dr. Dr. Henney,

I am concerned about the health of the people of this nation. It is deteriorating very rapidly.

It is in part, I believe, due to the use of sub-therapeutic uses of antibiotics in animals. Of course it is understood that antibiotics in general, are used far too liberally.

I write you to support the CSPI petition against sub-therapeutic uses of antibiotics in animals.

Thank you kindly for considering this request. It is of utmost importance to people who still are choosing to eat meat.

Sincerely,

Mana Iluna, MSW
