Dear Sirs;

I am writing to ask you to approve #98P-0151/CP1 -  
to prevent the use of downed animals for human consumption.

These animals pose a risk to humans and should not  
be used. Also these animals that are so sick should be  
treated humanely and not pushed or pulled with chains  
which only worsens their condition.

Sincerely,

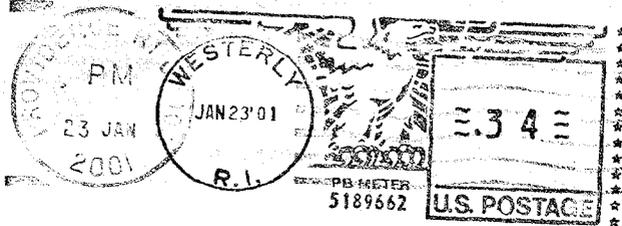

Vincent A. Montemarano, MD
