

Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food, to ask that the agency's current policies be changed, and to support all the points in docket #00P-1211/CP1

All GE Foods should be labeled so I am informed and have a choice.

Commissioner Jane Henney
Docket No. 00P-1211/CP1
FDA Dockets Management Branch
(HFA-305)

GE Foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing

There should be a moratorium on GE Foods until long-term studies show they are safe for human health and the environment.

(Additional Personal Comments:) GE FOODS IS SUCH A BOMB AND NOT WELL, I THINK THAT ALL YOU WANT

IS MONEY. THEY WANT TO GET THE AMERICANS!!!

THEY SHOULD NOT PUT POISON IN FOOD

BECAUSE IT CAN KILL US!
