

have been re-enter my home!!  
My husband is very  
ill & needs his warmth.

This is one example  
of the problem inherent when we  
allow products unlabelled  
into the main stream.

PLEASE have  
all perfumed products labelled  
properly. This harms everyone.

My father used to use  
Old Spice - but not this formula.

Thank you (cough, cough)  
Beatrice

Dear Neighbors,

2/15/01

Docket # 99P-1340/P.

This week my thermometer  
gauge on the heating system  
became defective.

9341 DT FEB 26 1903

The repairman came - He  
needed of "Old Spice". This must  
be the "new" improved formula.  
After days his odor remained  
in some rooms.

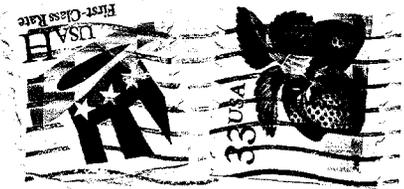

He is due to come again  
today - can you imagine how I  
feel? 60° temperature, floor  
heaters in use, and I have to
