

Dear Staff:

I appreciate your decision to stop purchasing meat from downed cows for Federal Programs.

I strongly urge you to support docket number 98P-0151/CP to ~~prohibit~~ ^{prohibit} the slaughter of downed animals. It is impossible to move downed animals humanely. They are often pushed with tractors or dragged with chains. Unhealthy animals also pose a risk in the diet of humans.

Please support 98P-0151/CP.
Thank you.

Awar Lamb
