Dear Sirs:

I am writing on behalf of
my family and myself in
reference to Docket Number:

98P-0151/CPI. We

wage you to end the

slaughter of Downed

Animals! These animals

suffer horribly at the

stockyards and slaughter-

houses, and their use

in the food chain poses

a threat to human health.

Please do all possible

to correct this evil!

Sincerely yours,

Mrs Herbert Weston and Family.
