

To Whom It May Concern — As a teacher,  
Canada I am concerned about

teaching respect for life to my students.  
In this spirit, I urge you to grant

petition # 98P-0151/CPI which prohibits  
the slaughter of downed animals. Not only  
do diseased animals pose a health threat  
but they are ~~intensely~~ inhumanely treated  
at the slaughterhouses. Their percentage is  
small & would cause no undue economic  
hardship. We have a responsibility to  
prevent suffering by the animals we  
slaughter. "The moral progress of a society  
can be judged by the way its animals  
are treated." M.K. Gandhi
