Dear FDA,

3946 01 MAR 16 10:42

Genetically Engineered Foods need to be labeled, This can affect both human health and the environment.

I have extensive allergies and MUST know what I am eating, I have found that since genetic engineering I have reactions to foods that once I had no problem with. THIS IS AFFECTING-MY HEALTH and I am sure it is affecting the health of other.

Please label food that is Genetically Engineered. Not to do so is playing with fire.

Sincerely,

Michelle Browning
