RE: Support of Docket Number 98P-0151/CP1

To Whom It May Concern:

This is to inform you of my support of Docket Number 98P-0151/CP1. I believe that the elimination of downed animals will stop demand, and then stop the cruelty of downed animals. Furthermore, without a market for downed animals, farmers will treat animals better so that they wont become downed, benefiting us all with better meat.

Thank you.

Sincerely,

James Verzino
