Dear Commissioner Henney,

I am writing to express my concerns regarding the infiltration of our food markets with food that has been genetically modified and so support of the petition filed by the Center for Food Safety to the FDA.

I strongly support:

- \* mandatory labeling of all genetically modified foods.
- \* the adoption of strict regulations for the health and safety testing of GMO's
- \* requirements for comprehensive assessments of environmental risks associated with GMO's.

Yours sincerely
