Reference : Citizen's Petition from Iceberg Industries

Iceberg Industries presently holds a Temporary Marketing Permit for the Interstate Shipments of Iceberg Water under Docket No. 00P-1439 as there is no standard of identity in 21 CFR 165.110 for Iceberg Water.

Iceberg Industries is currently applying for an extension to the Temporary Marketing Permit and as part of that process is submitting a Citizen's Petition to amend 21 CFR 165.110 to include a standard of identity for Iceberg Water.

If you have any questions with regards to the information provided please call me at 709-438-2435.

Sincerely,

Vernon Matheson – Operations Manager
