Docket No. 00N-1528

This letter is in response to the action notice of debarment that I read on Friday November 22, 2002 in the Federal Register dated November 6, 2002 against me. Immediately after reading this notice I called Mary Catching from the Center for Drug Evaluation and Research. I explained to her that this was the first I had seen of this and had not been notified that this was going to occur. She informed me that as stated in the Federal Register "I was notified by certified mail on May 13, 2002 of a notice proposing to debar me for five years, along with an opportunity for a hearing on the proposal". I informed Mary that I never received that notice, I then asked her as to the address that it was sent. She stated "it was sent to an address in Florida". I explained to her that I have never been in Florida nor ever lived there. She then told me that she couldn't give me any more explanations that what I needed to do was to write a letter to the Document Management and explain what happened that then once they receive the letter they will then review it. I asked her what is it that I should do in the mean time, she said that she couldn't suggest anything and that I should submit the letter. I strongly believe that the debarment at this time should be voided and I should have a chance to request a fair hearing in this matter.

Thank you for your immediate response to this matter.

Sincerely,

Delfina Hernandez
