*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

PediaLean™ Directions:
Children ages 6-10: Two (2) capsules, twice a day - 30 to 60 minutes before lunch and dinner, with 8 ounces of water, juice or other liquid.
Children (adolescents) ages 11-16: Three (3) capsules, twice a day - 30 to 60 minutes before lunch and dinner, with 8 ounces of water, juice or other liquid.

SPECIAL NOTE: It is always best to have your child swallow the PediaLean™ capsules. However, if your child has difficulty swallowing capsules, make sure you consult online at www.WeightLossForChildren.com for acceptable alternative delivery methods.

Clinical trials show PediaLean's™ weight-loss compound is well tolerated by children and adolescents ages 6 - 16.* However, if your child should experience mild abdominal discomfort (bloating), temporarily discontinue use of PediaLean™. After two days, give your child one (1) capsule twice a day. Continue this reduced plan for three days, then resume the recommended daily regimen. If you have any questions, consult your health-care provider. If your health-care provider needs any additional information, have him or her call: 1-800-898-5153.

To Parents: Before your child begins using PediaLean™ we strongly suggest that you visit www.WeightLossForChildren.com, Klein-Becker's online information and support site for PediaLean™ parents. Along with expert advice and information, you'll get a personalized, easy-to-follow eating and exercise plan for your child that takes into account your child's gender, height, weight, and age.
For additional information call: 1-800-898-5153

Use only as directed. Store at controlled room temperature 15°-30°C / 59°-86°F
