INTERNATIONAL FORMULA COUNCIL

Comments to FDA's Proposed Part 106

**INFANT FORMULA REQUIREMENTS PERTAINING TO CURRENT GOOD
MANUFACTURING PRACTICE, QUALITY CONTROL PROCEDURES, QUALITY
FACTORS, RECORDS AND REPORTS, AND NOTIFICATION**

TABLE OF CONTENTS

IFC's General Comments to FDA's Proposal

I. IFC's Appreciation of FDA's Efforts and the Importance of GMPs4
II. Specific Objection to April 28, 2003 Notice5
III. FDA's Request for Comments - Key Issues6
IV. Impact Analysis and Effective Date of the Final Regulation17
V. Overly Prescriptive/Inflexible Provisions18
VI. "Specifications"18
VII. Validation: Over-reliance on a "Drug" GMP Model.....20
VIII. Recordkeeping: The Regulation Should Focus on "Necessary" Documents.23
IX. Proposed Definition of "Manufacturer."23
X. Notification of "Adulteration."24
XI. Redundancy24
XII. Infant Formula Submission Review by FDA25
XIII. FDA's Means to Assure the Safety and Availability of New and Improved Infant
Formulas -- Premarket Notification Not Premarket Approval25

IFC's Specific Comments to FDA's Proposal

106.3 Definitions.29

Subpart B--Current Good Manufacturing Practice

106.5 Current good manufacturing practice.41
106.6 Production and in-process control system.41
106.10 Controls to prevent adulteration by workers.....45
106.20 Controls to prevent adulteration caused by facilities.....48
106.30 Controls to prevent adulteration caused by equipment or utensils55
106.35 Controls to prevent adulteration due to automatic
(mechanical or electronic) equipment..... 64
106.40 Controls to prevent adulteration caused by ingredients,
containers, and closures.....71
106.50 Controls to prevent adulteration during manufacturing.....76
106.55 Controls to prevent adulteration from microorganisms.....80
106.60 Controls to prevent adulteration during packaging and
labeling of infant formula.....83
106.70 Controls on the release of finished infant formula.84
106.80 Traceability.86
106.90 Audits of current good manufacturing practice.86

Subpart C--Quality Control Procedures	
106.91 General quality control.	88
106.92 Audits of quality control procedures.....	95
Subpart D--Conduct of Audits.	
106.94 Audit plans and procedures.....	96
Subpart E--Quality Factors for Infant Formulas	
106.96 Quality factors in infant formulas.....	99
106.97 Assurances for quality factors.....	101

FDA's Request for Comments on Additional Quality Factors

106.100 Records.....	116
----------------------	-----

Subpart G--Registration, Submission, and Notification Requirements	
106.110 New infant formula registration.....	129
106.120 New infant formula submission.....	130
106.121 Quality factor submission.....	140
106.130 Verification submission.....	146
106.140 Submission concerning a change in infant formula that may adulterate the product.....	149
106.150 Notification of an adulterated or misbranded infant formula.....	152
107.1 Status and applicability of the regulations in part 107.....	155
107.10 Nutrient Information.....	155
107.240 Notification Requirements.....	155
107.250 Termination of an infant formula recall.....	156
