Dear Sir or Madam;

Subject: Notification of Statements of Nutritional Support

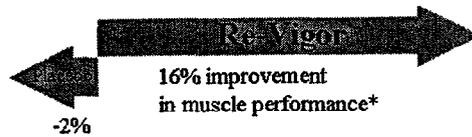

This notification is filed pursuant to §403(r) (6) of the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. §343(r) (6), Dietary Supplement Health Education Act.

Name of Dietary Supplement: Re-Vigor
Contains: β-Hydroxy-β-methylbutyrate, L-Arginine, and L-Lysine-HCl

Statement(s) of Nutritional Support:

-Clinically proven to maintain muscle and strength *

-“Re-Vigor is the first nutritional supplement proven to reverse age-associated muscle loss and function without the rigors of exercise¹.* The patented Re-Vigor formula is safe and works by targeting the underlying cause of muscle loss and reversing it.”

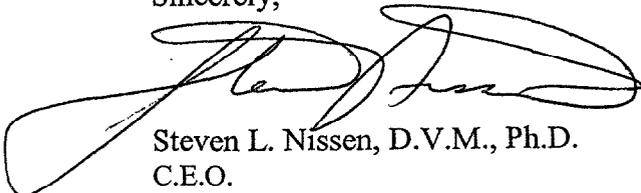

¹Levenhagen, et al., “Dietary supplementation of arginine, lysine, and HMB to blunt loss of muscle mass, strength, and functionality in elderly females.” FASEB J. 15(4):A277, 2001.

*Notice: These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

I certify that the information contained in this notice is complete and accurate, and that we have substantiation that the statements are truthful and not misleading.

Sincerely,

Steven L. Nissen, D.V.M., Ph.D.
C.E.O.
