

**Minutes record – CCPD**  
**RTBSE-11-1**  
**COMIRB # 03-229**

Following a brief power point presentation by Dr. Christopher Colwell, community members raised the following points:

Formal minutes were not recorded for this meeting. All questions, as you might imagine, were medically and scientifically based, and there were essentially no questions regarding impact to the community posed by this diverse group of health care providers or concern raised about exception from informed consent requirements.

**Regrettably, while we had over thirty (30) community members in attendance, only one survey was returned (enclosed).**

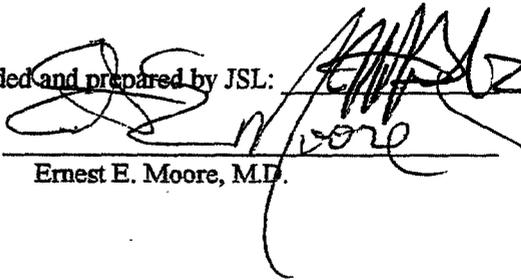

Meeting Date and Time: Wednesday, July 2, 12:00p.m.

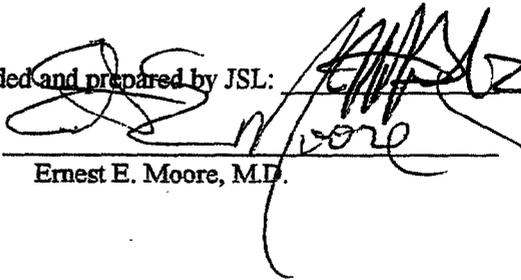

Group: Metro Physicians Advisory Group

Meeting Location: St. Anthony's Central Hospital

Duration of meeting: Approximately one hour

Investigator assessment: Positive

Minutes recorded and prepared by JSL: 

P.I. Signature: 

Ernest E. Moore, M.D.

July 2, 2003

Please circle your answers

1. Would you support a study such as the one described at this meeting being conducted in this community, specifically, a study in which severely injured and bleeding patients would be enrolled without giving their informed consent?

Yes       No

Please describe in your own words, the purpose of this study:

To compare the efficacy of current methods of trauma-related fluid resuscitation to newer, possibly better methods

2. If you were severely injured and bleeding and were being treated by the paramedics in your community, would you want to be enrolled in this type of study?

(read: products)

Yes       No

Please describe in your own words, exception from informed consent:

can't give verbal permission

3. If a family member of yours were severely injured and bleeding and were to be treated by the paramedics, would you want him or her to be enrolled in this type of study?

Yes       No

Please explain:

If absolutely necessary & if Polyheme™ shows better end-point outcome

4. Do you have any comments or concerns you wish to share with the investigators?

Good job & good luck!

Age: 39

Ethnic background: caucasian

Gender: Male  Female
