Rockville, MD 20857

Dear Joseph:

Enclosed are two copies of our 513 (f) reclassification petition regarding TV-TIP Sound Amplifier. I note that last time I sent these to the "regulation's staff," but assume that it might be more efficient to send directly to you this time.

Our patent application has been filed, so we have removed all the confidential markings. There are no other changes.

Yours,

Mead C. Killion, Ph.D.  
President
