I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been using compounded medicines for about 5 years. It has really helped alleviate side effects of standardized prescriptions. I am super sensitive to medications & therefore the compounding factor is a life saver for me.
